

# SCHOOL TOURS

At HOWELL FARMS OF CROSSROADS

Beginning August of 2017

Students in grades K-6 will:

**A** Observe  
modern  
agriculture on a  
**REAL** farm

**B** Learn the  
vital role that  
agriculture plays  
in their lives

**C** Form a  
tangible  
connection  
between farms  
and food

We will provide teachers with lesson plans, meeting state standards, which can be incorporated into the classroom and then brought full circle by visiting our farm.
